

Dear Parents,

The best way to order school lunch and/or breakfast for students who are not at school is to fill out a survey each day for each student. This includes kindergarten and preschool students as well as remote learning students of all grades. You will need to order before 9 a.m. each morning. Meals are only provided on scheduled school days. For special circumstances, you can still call the school to place your order.

This would also be the method of ordering breakfast and lunch if your student is required to stay home for quarantine or for other COVID-19 related schedule adjustments or closures.

To place your order, please go to ([Canyon Online Meal Order](#))

By way of reminder, meals can be picked up in the front office starting at 10:30.

We hope this makes the process easier for all involved. Please contact the school if you have any questions.

Sincerely, Canyon Elementary
