Parents,

I wanted to make you all aware that there will be some changes this year. Our program, in the past, has been funded by grants from the state. Due to legislative budget cuts and changes in the requirements in the after-school grant, Canyon Elementary was not able to even apply for the grant.

We had planned for this possibility but in order to continue the great after-school program that we have, we had to increase the cost of each club to \$25. We've had an amazing program for so many years and we really hope we can keep it going with limited changes. I hope that you will continue to support us and the program.

I would LOVE to hear from you about the price increase. I truly value all the feedback received. I want to keep the program as strong and as amazing as it has been in the past. You can email me at callie.chinen@nebo.edu with any questions or concerns.
